

# **MARYLAND PERB MEETING AGENDA**

September 27, 2023

Noon

## **I. Introduction:**

A. 2023 statute created this combined Public Employee Relations Board, or PERB. Previously 3 Labor Relations Board for State Government employees, Public School Employees, and Public Higher Education Employees, including community colleges

B. Statute requires at least one public meeting a month. Some will be online like this one, some will be at 45 Calvert Street in Annapolis.

C. Boards had an Executive Director; the new statute requires us to hire Deputy Directors to conduct investigations. The Board will shortly hire two; would need more funding to hire the third as the statute envisioned.

D. Board will have public hearings in unfair labor practice and representation cases. Will post announcements of such hearings, as we already do for elections, on Board website.

E. Each Board Member will introduce themselves. I'll go first.  
{Introductions}

## **II. Question & Answer**
